Any defect during the warranty period should be rectified by the supplier at no cost providing necessary parts and labor free of charge, including the shipping cost for repair. On-site replacement of the failing parts is highly valuable. Warranty will be evaluated also based on the length of its period. The Contracting Authority undertakes not to open or to tamper with the equipment without first informing the supplier.

The tenderer undertakes to guarantee that he will act as an intermediary between the contracting authority and the manufacturer in order to claim on a warranty, if needed. The warranty claim procedure and subsequent repair procedure must be defined in the tender.

The tenderer is free to add additional warranties in order to have its tender evaluated higher.

3. Additional services

To be specified in the technical offer. The successful tenderer shall provide maintenance services for the equipment at no additional cost during the warranty period. The services required are listed below (the tenderer is free to add additional services other than the ones listed in order to have its tender evaluated higher):

Lot n.1 - Electronic equipment for the new Computer Lab of the Loyola Campus of Mannar

Delivery of items, set up and connection of computers, smartboard, router, range extenders and printer. Physical installation and connection of the projector.

Lot n.2 - Electronic equipment for the Loyola Campus of Vavuniya

Delivery of items, set up computers, smartboard and printer. Physical installation and connection of the projector and the screen.

Lot n.3 - Electronic equipment for the new library of the Tulana Research Centre

Delivery of items, set up computers, router, printer and barcode scanner.

4. Logistics and timing

Mode of delivery

The Incoterm applicable for each delivery shall be DAP (Delivered At Place).

Place of delivery

Lot n.1 - Electronic equipment for the new Computer Lab of the Loyola Campus of Mannar

Loyola Campus - Mannar, Thalaimannar Road, Mannar

Lot n.2 - Electronic equipment for the Loyola Campus of Vavuniya

Loyola Campus of Vavuniya, No: 453 Horowpotana Rd, Vavuniya

Lot n.3 - Electronic equipment for the new library of the Tulana Research Centre

Tulana Research Centre, 521/2 Kohalawila road, Gonawala, Kelaniya.

Maximum delivery date

Lot n.1 - Electronic equipment for the new Computer Lab of the Loyola Campus of Mannar

Within 30 days from the date of sign of the contract.

Lot n.2 - Electronic equipment for the Loyola Campus of Vavuniya

The Contracting authority will send a notification to authorize the delivery of the products no later than 90 days from the date of sign of the contract. The delivery must happen in 15 days from the notification. Before the notification the supplier should complete the import process and keep the items in a store of its property.

Lot n.3 - Electronic equipment for the new library of the Tulana Research Centre

The Contracting authority will send a notification to authorize the delivery of the products no later than 120 days from the date of sign of the contract. The delivery must happen in 15 days from the notification. Before the notification the supplier should complete the import process and keep the items in a store of its property.

Failure to deliver the required items within the indicated periods would render the supplier liable to pay liquidated damages at the rate of LKR 10,000 per each day of delay and such amounts will be deducted from the payment due to the supplier.
